

Cynthia J. Crecelius, CFM is Principal of CC Consults. Ms. Crecelius acquired a variety of planning and management experiences gained through her thirty-year career in natural/water resource management with the Ohio Department of Natural Resources, followed by a decade of consulting opportunities. Her experience is extensive with state and local floodplain management and she is one of the original 50 persons in the nation to achieve the national Certified Floodplain Manager designation from the Association of State Floodplain Managers, Inc. She continues to actively promote program development and continuing education for state and local floodplain managers through her national and state association activities. "O-H-I-O" She remains a proud and supporting Buckeye Alumni!
