

**Laura Fay** is the Director of Grants at ms consultants, inc. (Columbus). Laura also volunteers as the Chairwoman of the Friends of the Lower Olentangy Watershed's (FLOW) Science Committee. FLOW is a watershed group devoted to making the Olentangy and its tributaries clean and safe for all to enjoy. FLOW is known for rain barrel education, tree planting and litter cleanup service events, and advocacy. Laura previously worked for the Ohio State University's Center for Lake Erie Area Research as the Chief Scientist on the Research Vessel Hydra, Ohio Environmental Protection Agency and the Ohio Department of Health in various jobs related to water quality. Laura received a BS and an MS from The Ohio State University.
